

Students

Quest Charter Academy Transportation Policy

Any student living within one mile of the school is expected to walk to school, unless the student has a sibling that is being given bus transportation, or the student needs to cross a designated hazardous street to get to or from school.

Parents apply for transportation at enrollment. Stops will be created/added/deleted until September 15th. After this time, changes to stops will be made only to existing stops. There will be no "new" locations for stops. Parents must request a stop change form, fill it out completely, and have it approved by the Principal/School Board.

Approved: 12/11/12
